
Build your business: Entrepreneur Focus

If people laugh at you. It is either;
a bad idea or revolutionary

Tony Wood (www.tonywood.org)

Linkedin: www.linkedin.com/in/tonywood

As used by Exeter University module

Our Goal for the next two days

Craft a funding deck that we can use to raise money

This is a stepping stone to your 5 min video for your assessment

**There will be a VC Pitch session on:
Friday Afternoon**

Question : How can we ensure that get the best funding deck?

Ready for something optional and different?

Yes / No?

Something different (for me)

Northstar

What does good look like?

What are the tasks?

How should you think about it?

Title Slide

- Company Name
- Tagline
- Date
- All Presenters Names/Contact Information

Problem Statement

- Clear and concise description of the problem your startup is solving.

Solution

- Description of your product/service and how it uniquely solves the problem.

Market Opportunity

- Information on the target market size, growth potential, and key market segments.

Product/Service

- Detailed overview of your product or service.

Business Model

- Explanation of how your startup makes money.

Traction

- Key metrics and milestones achieved so far (e.g., user growth, revenue, partnerships).

Market Strategy

- Your go-to-market strategy and how you plan to acquire and retain customers.

Competitive Analysis

- Analysis of competitors and your competitive advantages.

Financial Projections

- Detailed financial forecasts, including revenue, expenses, and profitability.

Team

- Introduce the founding team and key team members.

Use of Funds

- Breakdown of how the investment will be used.

Ask

- Specific amount of funding you are seeking and what equity or terms are being offered.

Contact Information

- Contact details for potential investors to follow up.

Session 1 :

This is me

- Purpose
- Skills
- Delegate
- Professional networks
- What to focus on

This is me

Stage

- Purpose
- Skills
- Delegate
- What to focus on

What do I want?

Purpose: what do i want from life? What will make me fulfilled?

Skills: List your top 5 skills

Example: Communication, Operations, Strategy, Leading, Engineering, Scientist, Data analyst? etc

Delegate: What tasks do you find boarding or ok?
These will be the skills you first delegate

What to focus on?: What are the tasks you want to focus on?

What are you looking for in life?

Take 3 mins to write down

- What you want from life?
- What do you want to do?
- What gives you energy?

If this is easy: Brilliant!

If not: the next Section will help :-)

1. List out your tasks over the last month

Task	How I feel about it
Policy writing	Ok
Creating document reports	Bored
Cold calls	Bad
Receipts	Bored
Book keeping	Good
Forecasting	Good
New role planning	Good
Negotiating	Good
Community building	Brilliant
Facilitating	Brilliant
Developing Talent	Brilliant

2. Place them

Gives you energy		Excellence
Community building		New role planning
Facilitating		Negotiating
Developing Talent		
Lecturing		
	X	
Competence		Incompetence (procrastinating)
Receipts		Policy writing
Book keeping		Creating document reports
Forecasting		Cold calls

2. What this means for your business?

Focus on these	Do these to excel
Community building	New role planning
Facilitating	Negotiating
Developing Talent	
Lecturing	
Delegate	Delegate First
Receipts	Policy writing
Book keeping	Creating document reports
Forecasting	Cold calls

What are you looking for in a company?

Take 3 mins to write down

- What area is it in?
- What would it do?
- Who would it help?
- How would it relate to your personal goals
- What role would you take in the company?
 - CxO?
 - Founder?
 - Hired CxO?

What networks are you in?

Take 3 mins to write down and share with your group

- You want to ensure your co-founders are in different professional networks
- How are you going to meet Funders; VCs, Angels etc
- What networks could you join?
 - CEO CF nextGen?
 - local Entrepreneur groups?
 - Global groups?
- The more people you meet; the more chance your business has!

Find your group

- Who do you want to work with
- What makes a good team
- Do your skills complement each other

Find your group?

Are there any groups?: If there are then please sit together

Raise Hands for :

CTO
CDO
CRO (Risk)
CEO
CRO (Revenue)
CFO
CIO
CMO
Others?

Name your Group: And put it on a piece of paper

Session 2 :

Vision and Customer Identification

Introduction to Vision and Mission

- Definition of Vision and Mission
- Importance of having a clear, compelling mission
- Examples of successful startups with big missions

Setting a High Bar

- Why aim for £100m?
- Understanding market potential and scalability
- Metrics and milestones to track progress

Steps to Craft Your Mission

- Identifying core values
- Aligning mission with personal and business goals
- Communicating your mission to stakeholders

Understanding Market Problems

- The significance of solving real problems
- How to identify problems worth addressing

Research Methods

- Primary vs Secondary research
- Tools for problem identification: Surveys, interviews, industry reports

Market Opportunity: TAM, SAM, and SOM

- **TAM (Total Addressable Market):** The largest circle, representing the overall revenue opportunity available if you achieved 100% market share.
- **SAM (Serviceable Available Market):** The middle circle, representing the portion of the TAM targeted by your products and services which is within your reach.
- **SOM (Serviceable Obtainable Market):** The smallest circle, representing the portion of your SAM that you can realistically capture considering competition and operational constraints.

Evaluating Problems

- Analyzing the severity and frequency of problems
- Prioritization of problems based on impact and feasibility

Who are Beachhead Customers?

- Definition and characteristics of beachhead customers
- Importance of early adopters

Segmentation and Targeting

- Market segmentation basics
- Criteria for selecting beachhead segments

Creating Customer Personas

- Developing detailed profiles for your ideal customers
- Understanding their needs, challenges, and behaviors

Reaching Your Beachhead Customers

- Channels and strategies for engaging early adopters
- Leveraging networks and communities

Exercise: Mission Statement Crafting

- Activity: Students work in pairs to draft a one-sentence mission statement for their startup.

Exercise: Problem Brainstorming Session

- Activity: Students list potential problems their startup could address and prioritize in terms of impact and feasibility.

Exercise: Customer Persona Development

- Activity: Students create detailed customer personas for their beachhead market including demographics, psychographics, pain points, and how their startup can solve these problems.

Exercise: How will you make money?

- Activity: How will your business pay its bills. At some point VC money will run out. How will you make a return for the investors?
- How will you take payments?
- Are there any currency or tax risks?

Session 3:

Business Fundamentals

Early Product Market Fit: Steps to Prove the Concept Including MVP

- Definition of Product-Market Fit
- Importance of MVP
- Steps to Achieve Product-Market Fit

Programme Management: Annual Planning and Tracking

- Importance of Annual Planning
- Key Elements of Annual Plans
- Tracking Progress and Adjusting Plans

Business Canvas: Overview and Preparation

- Definition and Purpose of Business Canvas
- Key Components of a Business Canvas
- Steps to Create a Business Canvas

Exercise: MVP Development

- Activity: Students work in groups to outline an MVP for their startup idea.

The Business Opportunity

Where is the gap in the market, and how do you intend to fill it?

The Problem

Your Solution

Business Description

Brief outline of your business model...

Target Market

Age group & location

Likes & aspirations

Dislikes & fears

Revenue

Streams

Projected revenue

Costs

Fixed

Variable

Channels

How will you promote your product or service?

Competition

Who are your competitors and what are their USPs?

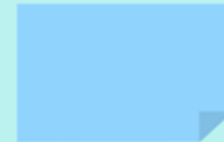

Competitor 1

Competitor 2

Competitor 3

USPs

How does your product/service compare to your competition? What makes you unique?

Exercise: Annual Planning Workshop

- Activity: Students create an annual plan for their startup, including goals, resources, and timelines.

Exercise: Business Canvas Workshop

- Activity: Students draft a Business Model Canvas for their startup, covering all key components.

See you tomorrow!

This afternoon work on

- Brilliance
- Big Mission
- Problem Identification
- Beachhead Customers
- Early Product Market Fit
- Programme Management
- Business Canvas

Session 4:

Operational Planning and Team Dynamics

T-Shirt for PMF: Estimating Time and Cost to Market

- Explanation of T-Shirt Sizing for PMF
- How to Use T-Shirt Sizing
- Examples and Application

Exercise: T-Shirt Sizing for MVP

- Activity: Students estimate the time and cost for their startup's MVP using T-Shirt sizing.

Size	Days	Description	
XS	3	XS is for tasks up to 3 days total effort,	
S	7	S is for tasks between 4 and 7 days,	
M	12	M is for tasks between 8 and 12 days,	
L	20	L is for tasks between 13 and 20 days,	
XL	30	If the total effort is between 21 and 30 days, it will return "XL	
XXL	30+	If the total effort is over 30 days, it will return "XXL".	

Task ID	Task Description	Size
1	Implement feature A	S
2	Develop feature B	M
3	Refactor code X	S
4	Design UI for module Y	M
5	Integration of modules A & B	L

One way to breakdown if you are not sure of the size

		All Times in Days				
Task ID	Task Description	Development Effort	Testing Effort	Deployment Effort	Total Effort	Size
1	Implement feature A	4	2	1	7	S
2	Develop feature B	7	3	2	12	M
3	Refactor code X	2	1	1	4	S
4	Design UI for module Y	5	2	1	8	M
5	Integration of modules A & B	10	5	2	17	L

Session 5:

Implementing Kanban and Discussing Equity

Time Workshop: Strategies for Time Management using Kanban

- Introduction to Kanban
- Benefits of Kanban for Time Management
- Implementing Kanban

Roles Workshop: Defining Team Roles focusing on Energizing and Ownership (including RACI Matrix)

- Importance of Clear Roles and Responsibilities
- Introduction to the RACI Matrix
- Steps to Create and Implement a RACI Matrix

RACI: Defining Team Roles and Responsibilities

- **Responsible (R):** Those who do the work to complete the task.
- **Accountable (A):** The person ultimately answerable for the task completion. Only one 'A' per task.
- **Consulted (C):** Those whose opinions are sought (two-way communication).
- **Informed (I):** Those who are kept up-to-date on progress (one-way communication).

Exercise: Kanban Board Setup

- Activity: Students set up a Kanban board for their project, defining tasks and WIP limits.

Exercise: RACI Matrix Workshop

- Activity: Students create and implement a RACI matrix for their project, defining roles and responsibilities.

Session 6:

Time and Roles Workshops

Time : How do I find the time to do all this?

- Time outline Monday -> Sunday
- a line for each of the following
 - Sleep
 - Family & Friends
 - Income Job
 - Your time
 - (what's left over if for this project)

Rituals: Establishing Team Meetings, One-on-Ones, and Project Planning Sessions

- Importance of Regular Meetings
- Types of Meetings
- Best Practices for Effective Meetings

Vesting Periods and Shares: Discussing Equity Distribution and Commitments

- Definition of Equity Vesting
- Common Vesting Schedules
- Importance of Equity Distribution

Prepare Your Funding Deck: Basic Outline of a Funding Deck

- Purpose of a Funding Deck
- Key Components of a Funding Deck
- Tips for Creating an Effective Funding Deck

See you this afternoon 2:30pm!

VC Pitch

A reminder of what you are creating

Title Slide

- Company Name
- Tagline
- Date
- Presenter's Name/Contact Information

Problem Statement

- Clear and concise description of the problem your startup is solving.

Solution

- Description of your product/service and how it uniquely solves the problem.

Market Opportunity

- Information on the target market size, growth potential, and key market segments.

Product/Service

- Detailed overview of your product or service.

Business Model

- Explanation of how your startup makes money.

Traction

- Key metrics and milestones achieved so far (e.g., user growth, revenue, partnerships).

Market Strategy

- Your go-to-market strategy and how you plan to acquire and retain customers.

Competitive Analysis

- Analysis of competitors and your competitive advantages.

Financial Projections

- Detailed financial forecasts, including revenue, expenses, and profitability.

Team

- Introduce the founding team and key team members.

Use of Funds

- Breakdown of how the investment will be used.

Ask

- Specific amount of funding you are seeking and what equity or terms are being offered.

Contact Information

- Contact details for potential investors to follow up.

VC Pitch!

Good luck to all companies!!!

Pitch

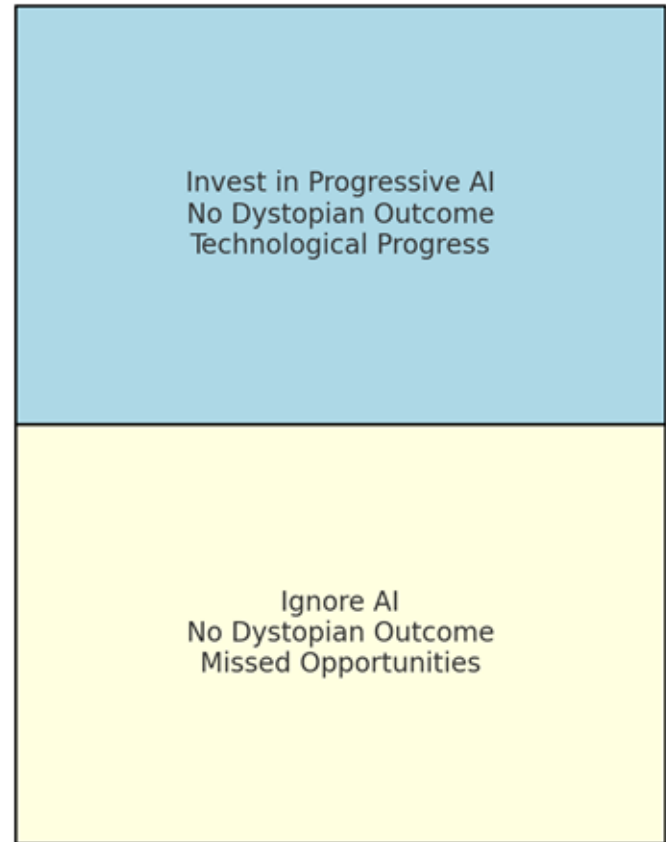

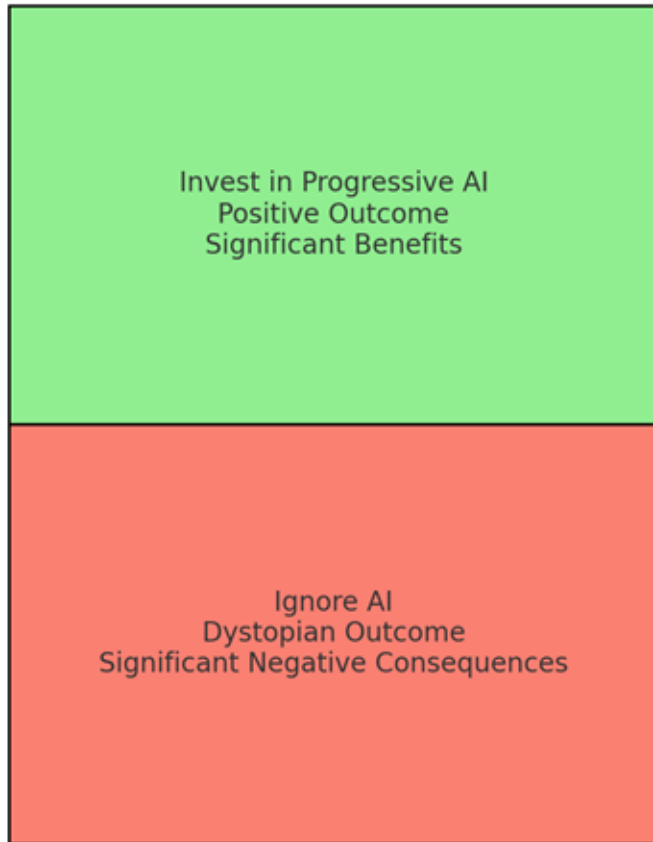

- 5-10 mins Pitch
- 5 mins Feedback

Addendum

For questions

AI will take all our jobs

Pascal's Wager Applied to AI

Startups can fail; why do it

- Get experience by doing
- Connect with experienced entrepreneur you like

Entrepreneurial Success Rates: First-Time vs. Experienced Entrepreneurs

First-Time Entrepreneurs

- 20-30% fail within 1 year
- 50-60% fail within 3 years
- Challenges: Lack of experience, market understanding, and networks

Experienced Entrepreneurs

- Higher success rates
- 2-3 times more likely to succeed
- Advantages: Skills, industry knowledge, networks

Key Points for Discussion

- Learning from Experience: Improved decision-making and risk management
- Mentorship and Networking: Benefits for first-time entrepreneurs
- Continuous Learning: Seek advice and engage in ongoing education
